

PME2020 如何去掉 diagram 左侧的导航栏

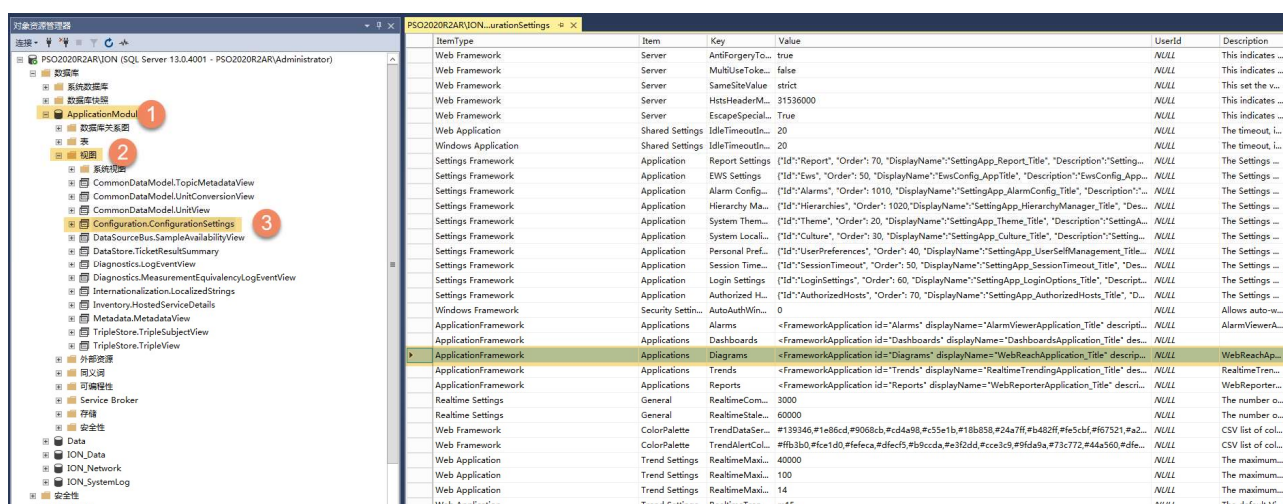

问题描述:

PME2020 如何去掉 diagram 左侧的导航栏

解决方案:

步骤如下:

- 1) 打开 SSMS (SQL Management Studio)
- 2) 导航 ApplicationModules 数据库>>View
- 3) 右键“Configuration.ConfigurationSettings”选择 “Edit Top 200 Rows”
- 4) 找到下图标示的地方。

- 5) 将如下值复制到 value 那一列

```
<FrameworkApplication id="Diagrams" displayName="WebReachApplication_Title"
description="WebReachApplication_Description" resourceSet="ApplicationFrameworkResources"
target="/ION" privilege="Diagrams.AccessApplication" order="20" enabled="true" xmlns="uri:application-
modules/power/framework/application#" />
```

- 6) 保存并退出，然后进入 Web Application，查看 diagram 的右侧导航栏没有了

备注：原来的 value 列的值如下：

```
<FrameworkApplication id="Diagrams" displayName="WebReachApplication_Title"
description="WebReachApplication_Description" resourceSet="ApplicationFrameworkResources"
target="Diagrams/" privilege="Diagrams.AccessApplication" order="20" enabled="true" xmlns="uri:application-
modules/power/framework/application#" />
```
